Solar Dock Deck Step Lights

SRS0318

SRS0301

SRS0403

TD014

SRS0401

Solar Underground Lights

Item No: SAL01501

Applications :

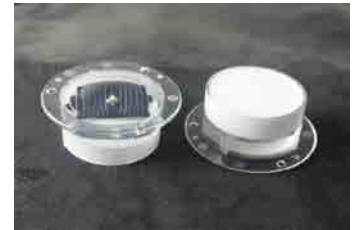

Architectural

Park

Garden

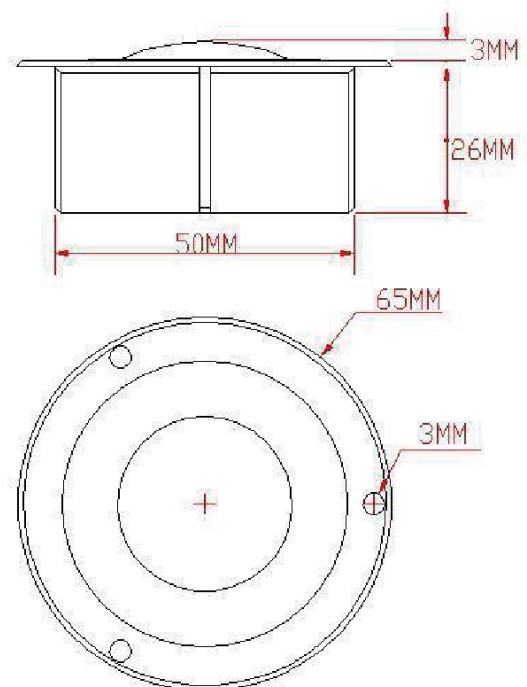

Key Feature

1. Special reflector design: 360 Degree illuminated
2. Perfect water proof: IP 68
3. Well fit the road surface, especially for cycle ways, only 5mm over the road surface

Specification

1. Size: Dia.50mm (Ring: Dia.65mm), Height: 26mm
2. Light source: 1 pcs Dia.5MM LED
3. Working type: Steady or flashing
4. Full charge time: 8 hours
5. Working type after full charge: over 20 hours
6. Start working: from 500 Lux
7. Material: PC
8. Solar Cell type: Mono crystalline 2V, 40Mah.
9. Storage battery: 1.2V 300Mah
Work temperature: -30 C ~ +75 C
10. Ultra bright LEDs, use life over 100 000 hours
11. Color: White, yellow, red, blue, green
12. Long life time
13. Water proof IP68
14. Weight: 80g/pc
15. Package: 1 pcs in one box (105mm X 105mm X 20mm)
72 pcs/Cartron, Size: 250mm X 250mm X 350mm

Drawings

SAL01501 – Top 1 LED

Item No: SAL0180B28

Applications :

Architectural

Park

Garden

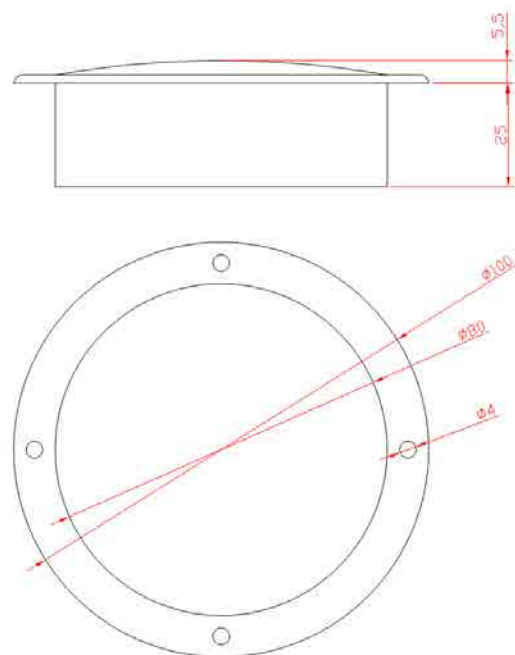

Key Feature

1. High quality anti-heating Ni-MH battery, long use life over 3 years
2. Perfect water proof: IP 68
3. Well fit the road surface, especially for cycle ways, only 5mm over the road surface
4. Easy installation ring design

Specification

1. Size: Dia.80mm (Ring: Dia.100mm), Height: 26mm
2. Working type: Steady or flashing
3. Full charge time: 8 hours
4. Working type after full charge: over 15 hours
5. Start working: from 500 Lux
6. Material: PC
7. Solar Cell type: Mono crystalline 2V, 160Mah.
8. Storage battery: 1.2V 1200Mah
Work temperature: -35°C ~ +75°C
9. 8 pcs Ultra bright Φ5mm LEDs, use life over 100 000 hours
10. Color: White, yellow, red, blue, green
11. Weight: 180g/pc
12. Package: 2pcs in one box 12pcs/Carton box,
Size: 33cm X 34cm X 15cm

Drawings

Item No: SAL01 100V8(VERTICAL Design)

Applications :

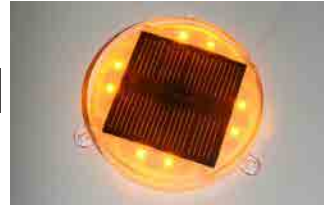

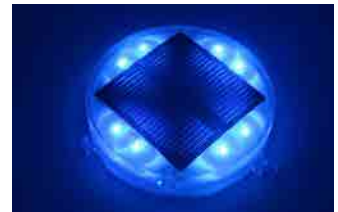

Architectural

Park

Garden

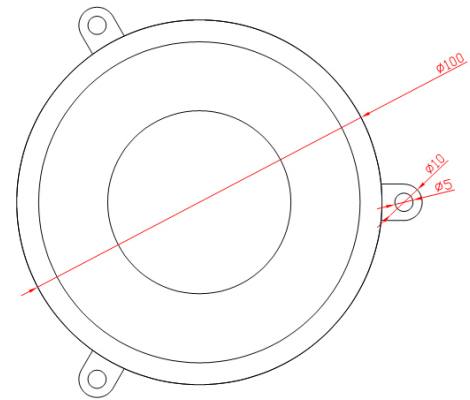

Key Feature

1. High quality Anti-heating Ni-MH battery, long use life over 5 years
2. Perfect water proof: IP68
3. Easy Vertical installation onto the wall

Drawings

Specification

1. Size: Dia.100mm, Height: 20mm
2. Weight: 280g/pc
3. Working type: Steady or flashing
4. Full charge time: 8 hours
5. Working type after full charge: over 20 hours
6. Brightness: optional
7. Start working: from 500 Lux
8. Material: PC
9. Solar Cell type: Mono crystalline 2V, 240Mah.
10. Storage battery: 1.2V 1200Mah, Ni-MH battery
11. Work temperature: -35 C ~ +75 C
12. 8 pcs Ultra bright LEDs, use life over 100 000 hours
13. Color: White, yellow, red, blue, green
14. Package: 3 pcs in one box (105mm X 105mm X 20mm)
18 pcs/Carton, Size: 230mm X 240mm X 150mm

Horizontal Design Available

SAL0130 Solar Pointolite Light

Applications :

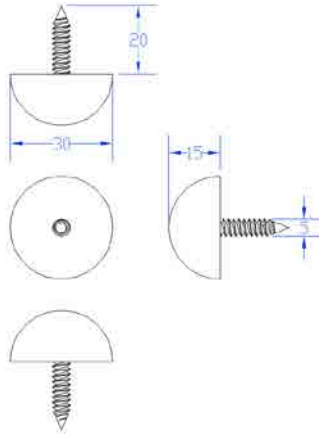

Architectural

Park

Garden

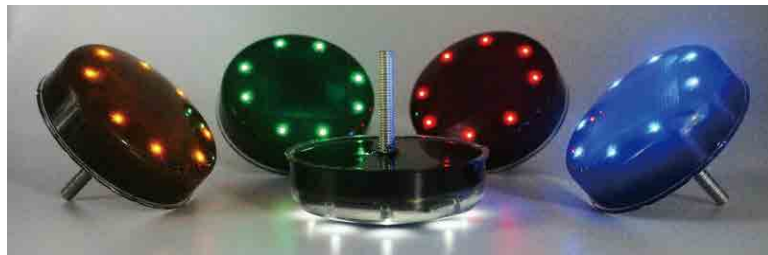

Key Feature

1. Easy Installation
2. Perfect water proof: IP68
3. No maintenance cost

Specification

1. Size: Dia.30mm, Height: 25mm
2. Weight: 50g/pc
3. Working type: Steady or flashing
4. Full charge time: 8 hours
5. Working type after full charge: over 20 hours
6. 1 pc Ultra bright LEDs
7. Start working: from 500 Lux
8. Material: PC
9. Solar Cell type: Mono crystalline 2V, 35Mah.
10. Storage battery: 1.2V 300Mah, Ni-MH battery
11. Work temperature: -15 °C ~ +65 °C
12. Color: White, yellow, red, blue, green
13. Package: 4 pcs in one box (105mm X 105mm X 20mm)

SAL0980 Solar Pointolite / Pixel Light

Applications :

Architectural

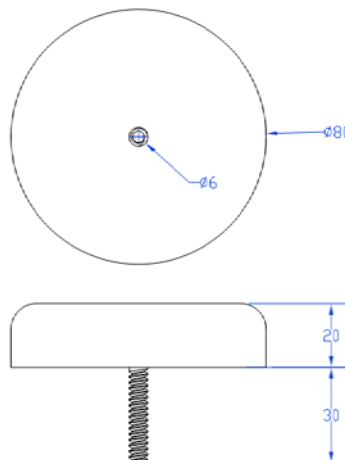

Park

Garden

Key Feature

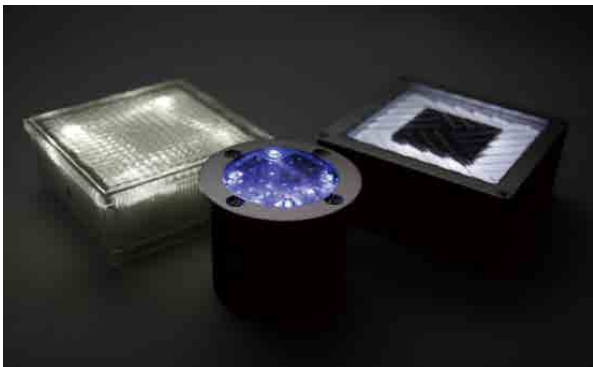

1. Easy Installation
2. Perfect water proof: IP68
3. No maintenance cost

Specification

1. Size: Dia.80mm, Height: 25mm
2. Weight: 80g/pc
3. Working type: Steady or flashing
4. Full charge time: 8 hours
5. Working type after full charge: over 20 hours
6. 1 pc Ultra bright LEDs
7. Start working: from 500 Lux
8. Material: PC
9. Solar Cell type: Mono crystalline 2V, 120Mah.
10. Storage battery: 1.2V 600Mah, Ni-MH battery
11. Work temperature: -15 °C ~ +65 °C
12. Color: White, yellow, red, blue, green
13. Package: 4 pcs in one box (105mm X 105mm X 20mm)

SAL02XX – Solar Bricks

Applications :

Architectural

Park

Garden

Key Feature

1. Easy Installation
2. Perfect water proof: IP68
3. No maintenance cost

Specification

1. Size: Different sizes optional
2. Customized size available when order quantity over
3. Working type: Steady or flashing optional
4. Full charge time: 8 hours
5. Working type after full charge: over 10 hours
6. Light source : Ultra bright LEDs
7. Start working: from 500 Lux
8. Material: Glass
9. Solar Cell type: Mono crystalline 2V
10. Storage battery: 1.2V Ni-MH battery
11. Work temperature: -15°C ~ +65°C
12. Color: White, yellow, red, blue, green
13. Package: 1 piece in one box

SAL03X – Solar Underground Lights

Item No.: SAL0380

Solar inground light
 Size: Dia.80*75MM
 Installation siz: Dia.70MM
 4 PCS LEDs

Item No.: SAL0389,

Dia.89MM X 30MM / 3-4 LEDs around

Item No.: SAL03111

Dia.111MM X 30MM / 8-12 pcs LEDs around

Item No.: SAL03136

Dia.136MM X 30MM / 8-12 pcs LEDs around

Key Feature

1. Easy Installation
2. Perfect water proof: IP68
3. No maintenance cost

Item No.: SAL03250

Size: Dia.250*55MM
 8-20 pcs LEDs around

Specification

Working type: Steady or flashing optional
 Full charge time: 8 hours
 Working type after full charge: over 10 hours
 Light source : Ultra bright LEDs
 Start working: from 500 Lux
 Material: Aluminum or S304
 Solar Cell type: Mono crystalline 2V
 Storage battery: 1.2V Ni-MH battery
 Work temperature: -15 C ~ +65 C
 Color: White, yellow, red, blue, green
 7 Changing color model available
 Package: 1 piece in one box
